Tourism on the Romanian seaside in 2022

09/05/2022

The Black Sea coast

Constanta County represents one of the most important tourism areas of Romania, mainly due to Black Sea Coast (the Romanian Black Sea Coast accounts for 82 km out of the total of 245 km).

This outstanding component of Constanța county concentrates about 24% of Romania's tourist accommodation capacity, by its 19 seaside locations (out of which 13 resorts), with appropriate infrastructure.

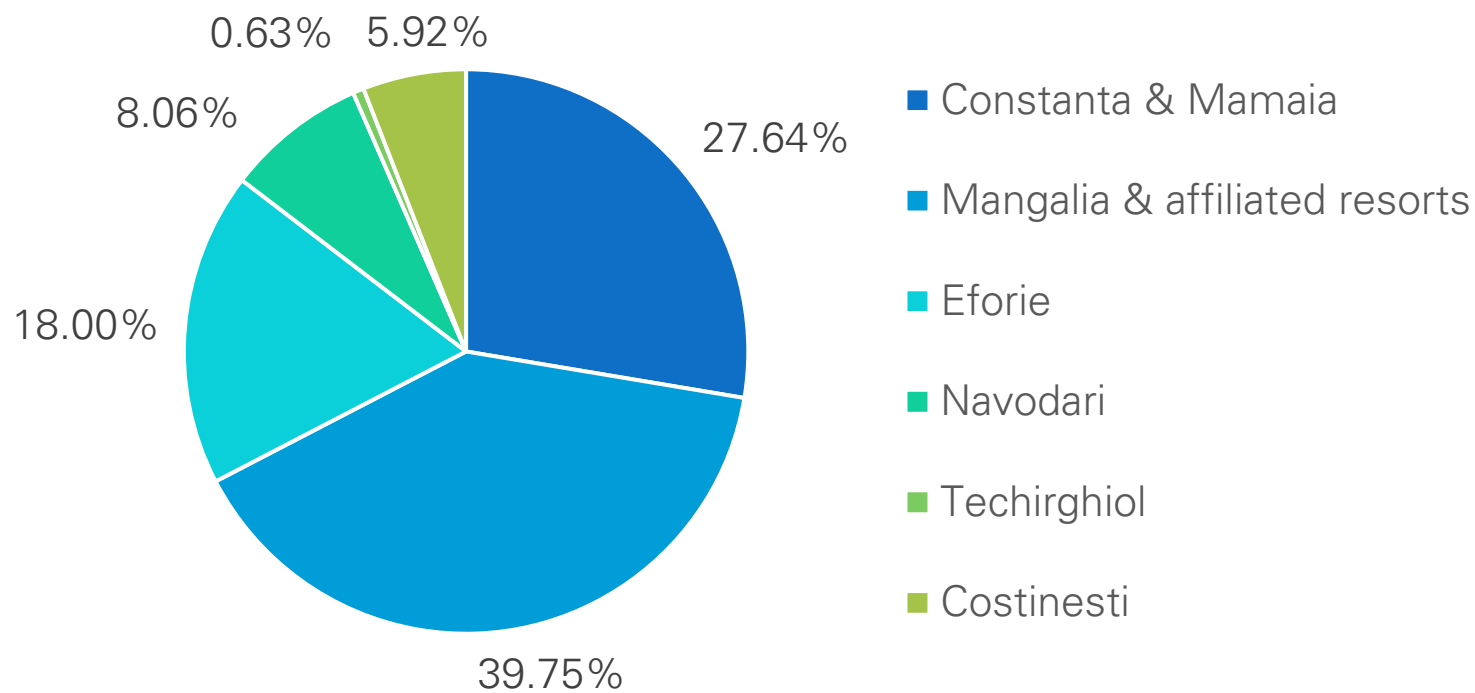

Moreover, the positioning of the resorts, with some natural factors, especially the quality of the beaches, as well as the rural tourism potential, rank among the outstanding factors for high quality tourism in this area.

Accommodation capacity

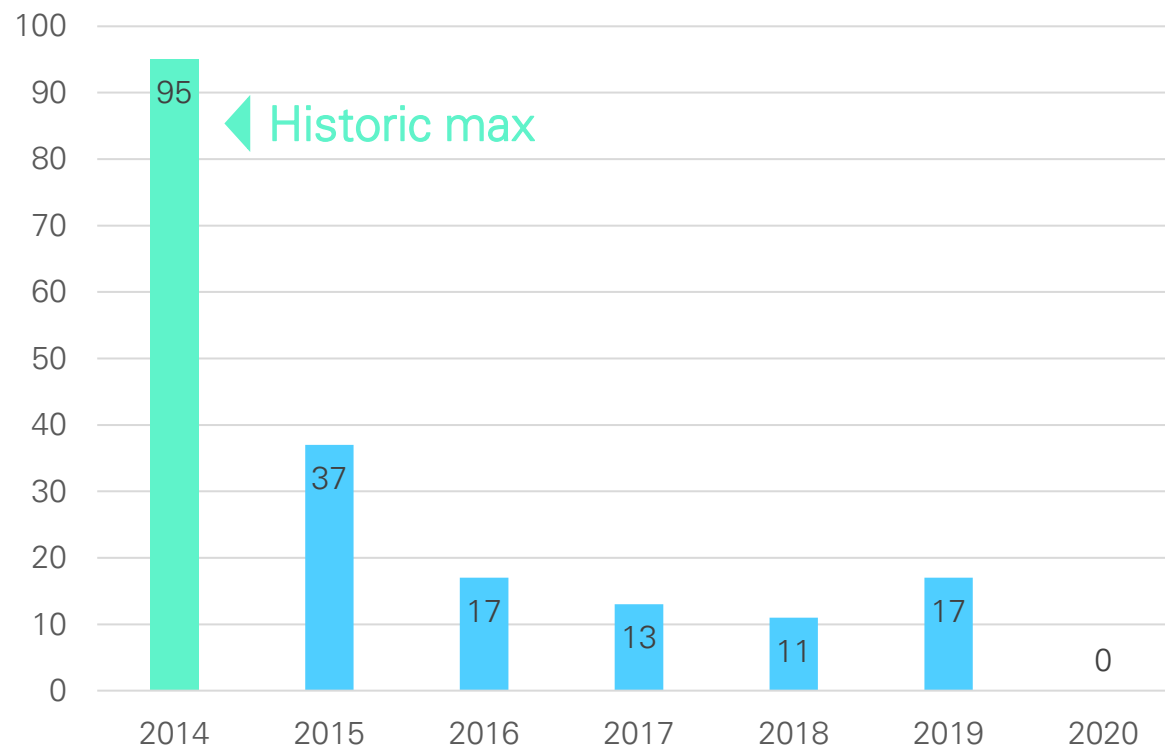

853 units (9,3% out of all the units in Romania)

88992 beds (24,4% out of all the beds in Romania)

data available for 2021
